Subject Index to Volume 3

A relational calculus for metaphor generation	309	Integer programming	37
Abstract data type	133	Integration	289
AI	101	Interactive support systems for creativity	309
Artificial intelligence	1, 333	Knowledge acquisition	319
Automatic modeling	277	Knowledge base	277
Canonical forms	277	Knowledge-based decision making	299
Choice of indexes	155	Knowledge management	289
Computer-assisted analysis	333	Knowledge processing	1
Computer location	37	Knowledge representation	133, 277
Computer support of divergent thinking	309	Linear programming	165, 333
Computer support of metaphorical thinking	309	Mathematical modeling	333
Connection graph	101	Metaphor generation by computer	309
Creativity support systems	309	Model management	277, 333
D-MCDM	101	Modeling	197
Data management	165	Modelling languages	165
Data processing	197	Natural language processing	333
Database allocation	37	Optimization application in business	27
Database management	1, 299	Optimization in DSS	27
Database methods for metaphor generation	309	Optimization in planning languages	27
Database structures for metaphor generation	309	Physical design	155
Decision laboratories	233	Problem solving	133, 225
Decision making	233	Problem specification	133
Decision structure	225	Problem-solving method	133
Decision support	165, 225	Problem-solving strategy	133
Decision support systems	1, 47, 277, 289, 299	Production systems	101
Decision theory	47	Program automation	277
Demons	289	Program development	133
Designing distributed computer systems	37	Program schema	133
Discourse models	333	PROLOG	101
DSS	101	Qualitative support systems	309
Dynamic programming	47	Relational algebra for metaphor generation	309
ELECTRE	101	Relational database methods for metaphor generation	309
Environments	289	Relational databases	155
Event-triggered processing	289	Relations	1
Expert systems	277, 299	Right-brained support systems	309
Expert systems for business loan evaluation	319	Rules	1
Fifth generation computer	277	Strategic decisions	299
File allocation	37	Support of creative thinking	309
File management	47	Support systems	197
Formal specifications	277	Task analysis	2325
Frames	1	TOPSIS	101
Group decision support systems (DSS)	233	Virtual databases	1
Heuristics	37		
High-level interface	155		
Idea processing support	309		
Inductive learning	319		
Information systems support	197
